TUESDAY 10TH MAY

PLAY ON THE PITCH AT THE ECO-POWER STADIUM

Our annual 100Club Partner play on the pitch returns in May, but this year will be bigger and better than before and we look forward to welcoming you for the full Doncaster Rovers experience. We will commence with the pre match team talk in the first team changing rooms, before warming up on the pitch for a 90 minute game. We will then have a quick change after the game before enjoying a buffet lunch. In the first instance the event is limited to one place per partner as we can only realistically accommodate 40 participants, however, further places will be opened up nearer the time if we are able to. If this is something you would like to come along to, please get in touch with one of the Commercial team to secure your place in the line up!!
